SUMMARY

Passionate and results-driven software engineer .With over 2.7+years of industry experience, I specialize in MERN Stack, React Native, and Next.js development. Proven track record of success in project management, problem-solving, and cross-functional collaboration. Adept at utilising cutting-edge technologies to optimise processes and enhance overall efficiency.

WORK EXPERIENCE

Full-Stack Developer (Freelancer)   **Jun-2022-Present**
- As a passionate and innovative freelance web application developer specializing in the development of high-performance websites and applications.
- **Projects:**
  - *PanaGigs: www.panagigs.com*
  - *ShadiOye: www.shadioye.com*
  - *Cyberabad: www.cyberabad.ai*

Product Manager (PanaCloud)   **Jul 2023 - Feb 2024 (Part time)**
- Designed and optimised a robotic control system, realizing a 12% performance improvement.
- Coordinated testing and validation, ensuring compliance with industry standards.
- Provided technical expertise, contributing to a 15% reduction in system failures.

Intern as MERN Stack Developer (Planet Moon- test.planetmoon.io)   **Dec 2022 - Aug 2023**
- As a paid intern, in the start, I was there only for researching, but as time passed, I was promoted to developer and started development in Nextjs APIs and worked with MongoDB as database.
- I developed the chat app APIs there using Next.JS, MongoDB and Socket.io

EDUCATION

BS Software Engineering   **Sep 2021 - June 2025**
University of Agriculture, Faisalabad
- Studied the end to end software engineering in depth.

Certification on Cloud applied Agentic AI   **Oct 2022 - Jun 2024**
PIAIC (Presidential Initiative for Artificial Intelligence and Computing)
- This course starts with Next.JS and typescript, then moves towards the learning of generative AI.
- *I'm working as a teacher assistant there.*

MERN Stack and React Native Certification   **Aug 2021 - Aug 2022**
SMIT (Saylani Mass IT Training)
- This certification includes MERN Stack, firebase and React Native Development.
- *Working as an instructor there.*

ADDITIONAL INFORMATION

- **Skills:** Communication, leadership & management, mentoring, problem solving, collaboration & team work, time management.
- **Languages:** English, Urdu, Hindi
- **Awards/Activities:** Worked as leading members of Cyberabad (A project of FCCI for Cloud Applied Agentic. AI), mentoring 100s of students at PIAIC at the weekend. Mentoring Students at SMIT around Web (MERN Stack & Next.JS) and Mobile (React Native) App Development skills.
